Preamble to Bill of Quantities

I. General

1. Introduction

The Infrastructure Development Investment Program for Tourism [IDIPT] envisages an environmentally and culturally sustainable and socially inclusive tourism development across four states of India, viz Himachal Pradesh, Punjab, Uttarakhand and Tamil Nadu. It is developed and funded by the Asian Development Bank [ADB] through Ministry of Tourism, Government of India [GoI], and the state level executing agency being the respective Departments of Tourism of the participating four states. The IDIPT uses a **sector loan approach** through a **multi-tranche financing facility** in four tranches planned from 2011-2020. The expected impact of the Project in the four States is sustainable and inclusive tourism development in priority State tourism sub circuits.

The Infrastructure Development Investment Programme for Tourism in Tamil Nadu – Project 2 was launched with the assistance of ADB on 15.12.2011 at a cost of Rs.450 crores. Out of Rs.450 Crores, ADB's share is Rs.315 crore (i.e.70%) and the State Government is financing is Rs.135 crore (i.e.30%) The closing date of the project is 30.6.2020. A list of sub-projects at an approximate cost of Rs.421.35 crores for Tranche-IV was prepared and placed before the 3rd State Level Steering Committee meeting of GOTN under the chairmanship of Hon'ble Minister for Tourism, Tamil Nadu on 23.12.2015. In accordance with the decision of 3rd SLSC meeting and based on the suggestion by the ADB during Project Review Mission, the sub-projects at a cost of Rs.421.35 crore were considered in the 4th SLSC meeting of Government of Tamil Nadu.

The sub-projects at a cost of Rs.421.35 crores was prepared and placed before the 4th State Level Steering Committee meeting held on 30.11.2016. **Purchase of Buses for TTDC is taken as one of the sub projects at a cost of Rs 2.05 Crores** as cleared by the 4th SLSC and accordingly DPR has been prepared.

2. Scope of work:

1. The Scope of work involves provision of improved basic urban infrastructure and services at tourist destinations and attractions for the TTDC Tourist spots at various locations there by promoting sustainable economic growth through Tourism-**Purchase of Buses for TTDC.**
2. These interventions, which are planned to improve the services to the tourists, would lead to increase pilgrim/tourism in the town and thereby provide direct and indirect economic benefits to the population who are involved in Tourism and Trade related activities.
3. The Conditions of Contract, Specification and Drawings are to be read in conjunction with the Bill of Quantities Schedule of Prices and reference shall be made to these documents for detailed descriptions, which are not repeated in the Bill of Quantities.
4. The quantities given in the Bill of Quantities are estimated and provisional, and are given to provide a common basis for bidding. The basis of payment will be the actual quantities of work ordered and carried out, as measured by the contractor and verified by the Engineer and valued at the rates and

prices tendered in the priced bill of quantities, where applicable, and otherwise at such rates and prices as the Engineer may fix within the terms of the contract.

5. Except where a provision is made under a separate item in the Bill of Quantities the amounts inserted in the Bill of Quantities shall be the full inclusive value of the work described under the respective items and includes constructional plant, labour supervision, materials, erection, defect liability, profit, taxes and duties together with all general risks, liabilities and obligations set forth or implied in the Contract.
6. The whole cost of complying with the provisions of the contract shall be included in the items provided in the priced bill of quantities, and where no items are provided the cost shall be deemed to be distributed among the rates and prices entered for the related items of work.
7. Where an item is provided for the design of an element of the Plant, the amount entered shall include all costs and expenses which may be required to complete the design of that element including obtaining the approval of the Engineer to drawings and calculations where required
8. Where an item is provided for the supply and installation of Plant or materials the amount entered shall include all costs and expenses necessary prior to incorporating such items in the Works and shall include for:
 - a) Design of that element including obtaining the Engineers approval of drawings or calculations as may be specified or required;
 - b) Manufacture of the plant including the Engineer's approval of factory tests and certifications as may be specified or required;
 - c) Delivery to and offloading at the site including the Engineers approval to or approval of delivery inspection certificates as may be specified or required; and steps between the above activities.
9. All costs associated with testing and inspection at manufacturers' works, individual tests (pre commissioning tests) and Tests on Completion shall be deemed to be included in the items for supply and installation.
10. Contractor will have to provide all assistance to Engineer or Engineers representative for taking all measurements of the works. The accepted measurement by contractor and Engineer shall be the basis of submission of bill by contractor. These joint measurements have to be attached with each bill by the contractor

3. Inspection

Bidder is requested to visit the site to acquaint themselves with all existing conditions, and with the nature and extent of work to be done under this contract as no extras will be allowed on the plea of want of information due to neglect of their part in this regard.

4. Materials

All materials, equipment supplied shall be new, unused without any defects.

All materials, equipment and accessories stated herein shall be the best of their respective kind and shall comply with the requirements of the relevant Standards, Specifications or equivalent where such exists. In all cases of permanent work specifications, model nos., makes etc., and other technical data shall be approved by the Engineer before an order is placed, and all materials, equipment, accessories and spares

etc., supplied shall correspond in quality with the approved samples. The Engineer will exercise the right to reject all such items not complying in quality with the standard of the approved items and all costs incurred by this rejection shall be borne by the Contractor/ Supplier. All such rejected items shall be removed from the site. The Contractor/ Supplier shall provide the necessary details to the Engineer regarding the dates and sources of obtaining such items.

5. Trade Name

Where reference is made to certain manufactures' products and items identified by registered trademarks, this has been done for the sole purpose of defining and establishing standards of quality and performance and not with the intention of restricting the procurement of material or fitting to a particular manufacturer. Any other materials equipment and accessories or equivalent may be used provided that the characteristics of type, quality, and appearance finish, method of construction and/or performance is not less than specified and provided also that the approval is first obtained, by the Engineer.

(II). AS BUILT DRAWINGS

- 1) Unless otherwise specified the Contractor/ Supplier shall deliver to the Engineer two sets of hard copies to appropriate scale and on appropriate size paper, and one set of AutoCAD compatible soft copy in a compact disk.
- 2) All drawings, documents and manuals shall be to a standard format. All drawings shall be to the size required by Engineer.
- 3) The Bid shall be deemed to include the cost of the preparation, supply and delivery of all drawings, instruction manuals, transparent copies on polyester and information and copies thereof which the Contractor/ Supplier is required to provide under the terms of the Contract
