Such compensation will be payable on demand or shall be recovered from the EMD or Security Deposit or from any other payment due to the tenderers from TTDC.

Signature of the Bidder

**3.6.2** The TTDC at its sole discretion also reserves the right to purchase the goods from other sources at the cost and risk of the tenderer in case of failure to effect supplies within the stipulated delivery period.

### **3.8 Warranty**

The Boats supplied should be covered under warranty for a period of not less than 12 months from the date of handing over /supply whichever is earlier.

### **3.9 Payment**

The following payments shall be released:-

1. No advance payment will be made. 100% payment will be made against Performance Security only after effecting delivery of the boats as specified and **verification of the quality as per the tendered specifications at Boat Houses by TTDC boat consultants and satisfactory report**. In the event of not furnishing of performance security, 95% payment will be paid and balance 5% will be paid after the Guarantee period or against Bank Guarantee equivalent to 5% of total value of the Boats through a Nationalized Bank/Scheduled Bank for two months over and above the guarantee period.

All the performance parameters mentioned above shall be certified by competent authorities appointed by Managing Director.

### **3.10 Penalty**

Time is the essence of this contract. Hence, subject to Force Majeure, if the supplier fails to deliver within 12 weeks, from the date of supply order, TTDC reserves the right to ask for compensation for such late deliveries at its sole discretion Delay in supply will lead to levy of penalty at 1% of value of Tender / for the belated supplied items for every week of delay or part thereof ( i.e. exceeding three days will be calculated as one week) Such compensation will be payable on demand or shall be recovered from the EMD or Performance Security or from any other payment due to the tenderers from TTDC.

### **3.11 Validity of Purchase Order**

**3.11.1**The validity of Purchase order is for 90 days from the date of the Purchase order or till the time the total quantity is supplied, whichever is earlier, unless otherwise specified in Contract data.

Signature of the Bidder

**3.11.2.** Due to operational requirement in some of the procurements, the validity of Purchase order may be different than the above. However, such change shall be notified in Form 'A' of the tender document.

### **3.12 Force Majeure**

Delivery of material is subject to Force Majeure conditions as under:

If at any time, during the currency of the contract, the performance in whole, or part by either party or any obligation under the contract shall be prevented or delayed by reasons of any war, hostility acts of public enemy, civil commotion, sabotage, fires, floods, explosions, epidemics, quarantine, restrictions, strikes, lock-outs or acts of God, provided notice of the happening of such events is given by either party to other, within 21 days from the date of occurrence thereof, neither party shall by reason of such event be entitled to terminate the contract nor shall either party have any claim for damage against the order in respect of such non-performance or delay in performance and deliveries under the contract shall be resumed as soon as practical, if such event has come to an end or ceased to exist.

### **3.13. Termination**

**3.13.1 Termination on expiry of the CONTRACT:** The Agreement shall be deemed to have been automatically terminated on the expiry of the Contract period unless the TTDC has exercised its option to extend the Contract in accordance with the provisions, if any, of the Contract.

**3.13.2 Termination on account of Force Majeure:** Either party shall have the right to terminate the Contract on account of Force Majeure, as set forth.

**3.13.3 Termination on account of insolvency:** In the event the Successful Bidder at any time during the term of the Contract becomes insolvent or makes a voluntary assignment of its assets for the benefit of creditors or is adjudged bankrupt, then the Employer shall, by a notice in writing have the right to terminate the Contract and all the Successful Bidder's rights and privileges hereunder, shall stand terminated forthwith.

**3.13.4 Termination breach of contract:** A breach by the Successful Bidder of its obligations hereunder and such breach not being rectified by the Successful Bidder within 30 days of receipt of the TTDC notice intimating such breach. Upon termination, the Successful Bidder shall surrender all the data and materials belonging to the Purchaser.

Signature of the Bidder

**3.13.5 Termination for delay:** Successful Bidder shall be required to perform all activities/services as per this conditions and specifications. If the Successful Bidder fails to do so, the Contract may be terminated by the TTDC by giving 30 days written notice unless the TTDC has extended the period with levy of Liquidated Damages, as per Clause 3.11 of the tender.

**In the event of short supply or delay in supply, the balance goods to be supplied shall be procured from the available supplier and amount for the same will be recovered from the successful bidder besides stern action to be taken as per tender conditions.**

**3.13.6**The TTDC may at any time terminate the Contract by giving 30 days notice without assigning any reason there for.

**3.13.7Consequences of termination:** In all cases of termination herein set forth, the obligation of the TTDC to pay shall be limited to the period up to the date of effective termination. Notwithstanding the termination of the Agreement, the parties shall continue to be bound by the provisions of the Agreement that reasonably require some action or forbearance after such termination.

**3.13.8** In case of termination of Contract herein set forth except on expiry of contract period and on account of Force Majeure the Contractor shall be put on holiday [i.e. neither any enquiry will be issued to the party by the TTDC against any type of tender nor their offer will be considered by the TTDC against any ongoing tender(s) where contract between the TTDC and that particular Contractor (as a bidder) has not been finalized] for two years from the date of termination by the TTDC to such Contractor.

### **3.14 Disputes**

Any dispute arising out of this agreement or that which may arise in future, will be resolved by taking recourse to mutual settlement in the instance, failing which the dispute will be subject to Chennai Jurisdiction only.

**3.15** Whereas the technical specifications and other tender conditions have been specified to the extent of receiving a good product and service in the interest of corporation, if the bidder suppresses and/or furnishes faulty facts and resorts to any other action with mala fide intention with the sole intention of bagging the order at any cost or supplying the products which are not of the best quality or in violation of tender specifications, then the

**TECHNICAL SPECIFICATIONS FOR FRP 2 SEATER PEDAL BOAT/  
4 SEATER PEDAL BOAT**

1. The 2 seater boat dimensions should be 2.5m x 1.6m x 0.45m. The boat must have a free board of 0.30m.  
  
The 4 seater boat dimensions should be 3.00m x 1.80m x 0.45m. The boat must have a free board of 0.30m.
2. Bucket seats must be provided for the riders. The design of the boat offered, should be guaranteed to be free of avoidable pockets where water tends to accumulate during service, during rains etc.
3. The pedal boat should be fitted with wood backed fibre glass fender only. The fender should be of minimum 80 x 50mm dimension. The upper deck and hull should be finished with gel-coat. Special care must be taken to design the forward deck corners for impact resistance due to accidental knocks and the corners rounded. This is of utmost importance since the forward in all the supplied boats are always prone to early damage.
4. The pedal boat should be fitted with a manually operated plate rudder with smooth surface and it should have a smoothly rotating efficient pivot and lever with handle. The rudder should be tucked within the overall dimensions of the boat. Rudder stoppers must be provided to limit turning angle to +/- 30 degrees and in no case, the rudder plate should touch the hull in the extreme positions on both sides. Teflon bushes must be provided for the rudder shaft. The total pedal, transmission, paddle wheel assembly must be guaranteed for 3 years trouble free working with guarantee periodic maintenance as required by the manufacturer.
5. The pedaling mechanism must be designed to smooth, trouble free operation. Teflon bushes are highly recommended. The paddle vanes may be Aluminum or galvanized steel plating.
6. The name and emblem of Tamilnadu Tourism must be displayed with computerized lettering and approved size and design on both sides of the hull.
7. The design should ensure that the free board of the boat is kept at 0.3m minimum as above and the trim of the boat is also even. The boat should be floating with even trim with the full complement of passengers.

8. The bid offer should include guarantee maintenance and periodic service for 3 years from the date of commissioning.

**TECHNICAL SPECIFICATIONS FOR FRP ROWING BOAT - 6 SEATER**

The dimensions are as follow:

Length	4.0 m
Breadth	1.45m
Depth	0.5m

The fibre glass boats should have imitation clinker planking exterior hull appearance. The boats should have bottom fibre glass board with adequate anti-skid surface. Buoyancy chambers filled with polyurethane foam filling must be provided in the forward and aft as well as on both vertical sides. Thwarts should be provided separate for rower and passengers in the boat. There should be floor grip for the rower. Oar locks should be of stainless steel with approved thickness and no sharp edges. The oars should be of light weight, made in fibre glass with light timber core. The oar stops should be an integral part of the oars, and these may be moulded as part of the oar. The fender should be of fiberglass measuring 80mm width and 50mm depth and with light timber insert. The boat should be provided with two bollards (stainless steel) and boat hook. The hull is to be made up of 5 layers of glass fibre at the bottom and 4 layers at the side. Hat section transverse stiffeners of size 80mm by 50mm with 4 layers of fibre glass, core filled with polyurethane foam and spaced at 600mm are to be provided.

The polyurethane foam filling at bottom is to be avoided. Foam filling should be adequate to ensure unsinkability and stability in the swamped condition.

The boat shall be painted with the name of Tamilnadu Tourism and emblem on both sides.
